COVID VACCINATION UPDATE MARCH 2021

Are you aged over 50 years?

Have you got an underlying health condition which means you would be eligible for a vaccination?

We are looking to ensure we reach as many people as possible with vaccines in our Priority 1-9 groups before the 1st April 2021.

We have slots available at our Hampshire Court Hotel site next week.

Please call 0333 332 0855 between 10am to 4pm Monday to Friday to book your appointment.

Vaccination keeps you and your communities safe.

At this stage we are not offering COVID vaccination at Beggarwood Surgery.

Patients aged 49 and under, without an underlying health condition, will be contacted in due course. At this stage we cannot tell you a specific vaccination date. Please bear in mind that this is a national process and will therefore take time. There is no “waiting list” to be added to. Please wait to be invited.

Thank you

Beggarwood Surgery
